## Judicial Review...

### We must demonstrate that:

- 'Scouts' is a safe organisation
- That we are seen to be safe
- Evidence that we are safe
- Young People should experience assessed risk (excitement, not danger!)
- That we have sufficient permit holders to deliver our programme

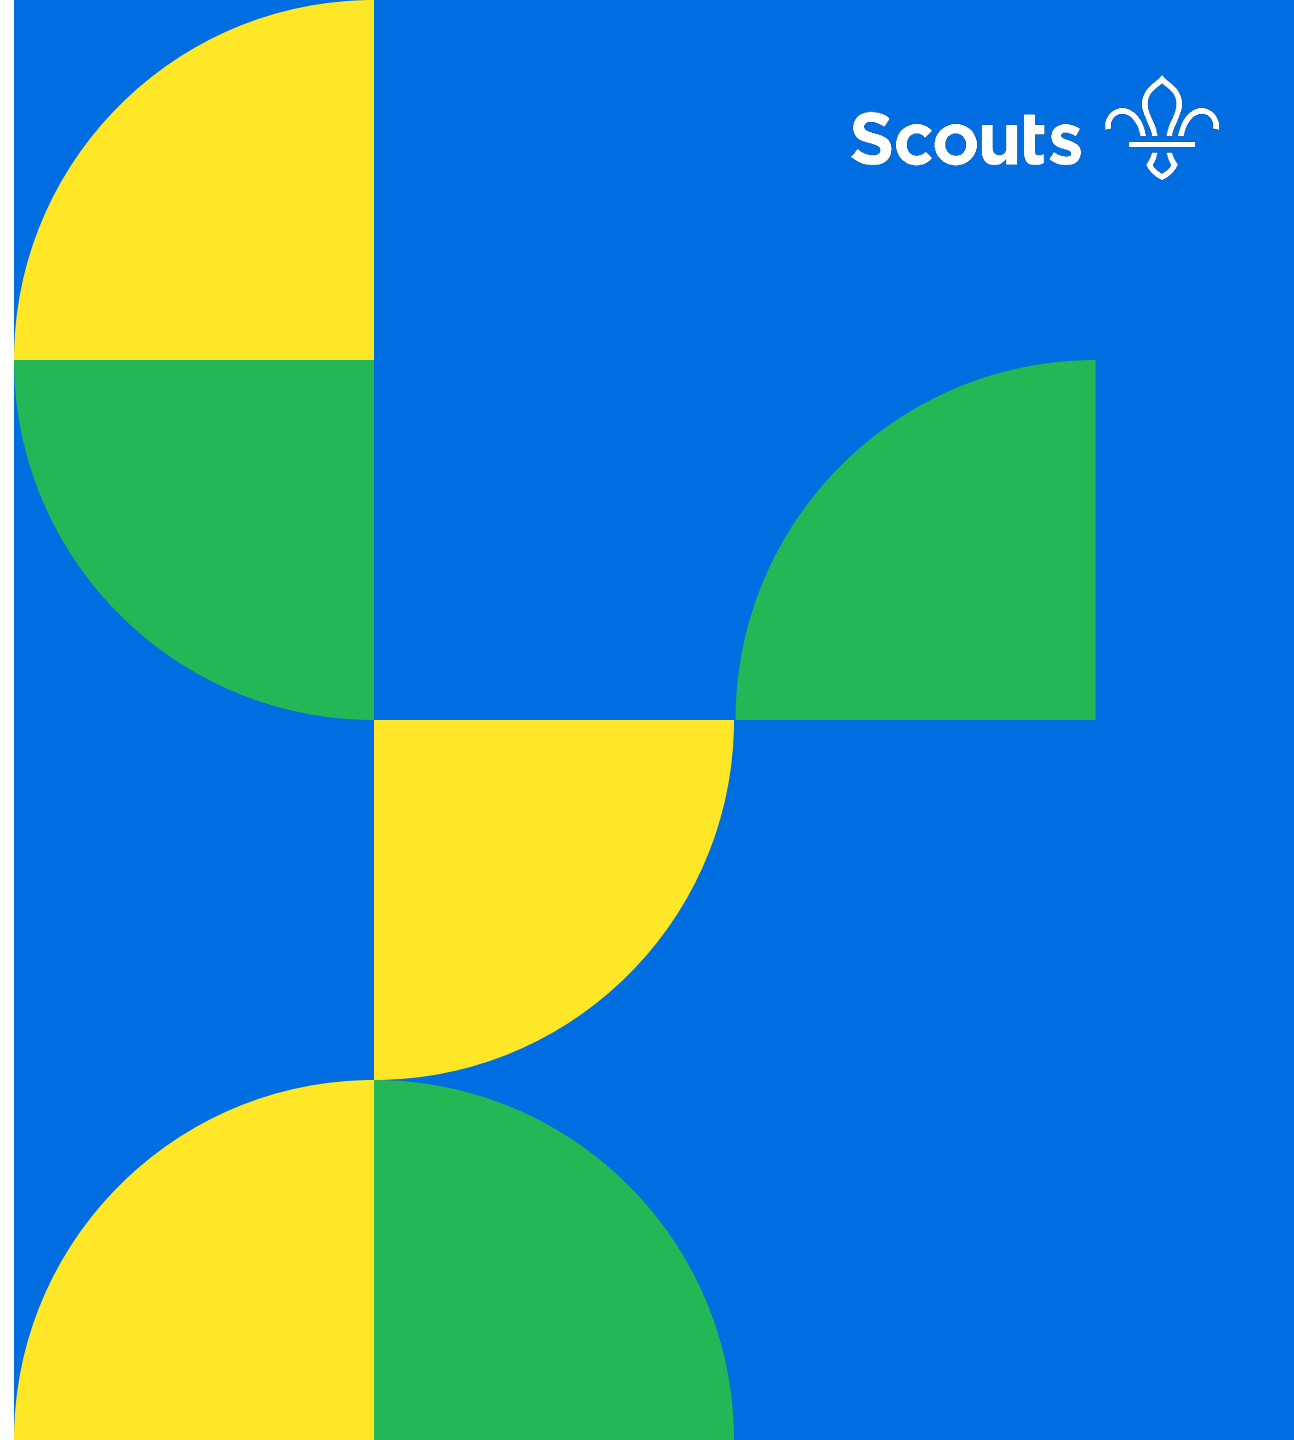

## **We deliver amazing scouting for the Young People...**

- Programme is at the core of Scouting
- Every Scout has the opportunity to work towards the top awards
- Shout about Scouts
- Whilst DofE is a great achievement with 330,000 young people gained this award last year
- The King's Scout Award holds greater kudos

## Digital tools...

- Disappointed it's not working as anticipated
- It needs to support everyday Scouting
- Scout have already started to respond to feedback

## **Children Deserve a better start in life.....**

- Young People in the UK are the unhappiest in Europe
- They tend not to like School – so Scouts can help
- Trust Young People to have a voice
- Young People should have 'agency' on life (stakeholders)

## Thank you...
